

GDPR is now in effect.

Are you still shredding everything in strips?

You need to be more careful with old papers that contain personal data, because it's no longer enough to rip these to pieces or shred them into wide strips!

Keep personal data confidential with a fully GDPR- and DIN-compliant IDEAL document shredder.

GDPR-PROOF

DIN 66399 recommends P-4 or P-5 document shredders for personalised data on paper.
